

WIRELESS INTERNET SERVICES

Updated 10-24

We provide a range of customized solutions to fit every event's need and budget. To provide the best service, it is critical that we understand all of your networking requirements before your event starts. IT services requested within seven days of the event start are not guaranteed. Services ordered in advance minimize potential delays and can be customized to your needs.

WHOLE BUILDING TIERS	MAXIMUM WIFI USERS	COST	FEATURES
TEAM Wifi	<100, including all event staff and attendees	\$5/day/user \$600 minimum	Dedicated bandwidth, custom SSID
CROWD Wifi	>100, including all event staff and attendees	\$10/day/user \$1000 minimum	Dedicated bandwidth, custom SSID
FREE Wifi	Unlimited	Free	Limited bandwidth, no customizations

Providing accurate attendance numbers is critical as they determine the bandwidth allocated to the network for your event. If you have specific bandwidth requirements, please contact The Complex's IT Department for a quote.

All event staff, presenters, and exhibitors using your dedicated wireless network must be included in your total attendance numbers. Pricing is based on the total number of people to whom you are providing the wireless passkey, whether that's only your event staff or every attendee.

We provide the latest network technology and best-in-class internet; however, connections can be disrupted by MiFis, hotspots, A/V equipment, 3rd party access points, etc. To minimize interference, please limit wireless devices used by your attendees, exhibitors, staff, and A/V.

Customers with 6Ghz capable devices can contact us to discuss the option for a 6GHz wireless SSID. For events that have devices requiring 2.4GHz service, we provide a Legacy Devices SSID. Note: Frequent interference in the 2.4GHz spectrum cannot reliably provide a quality service in this band.

Critical internet service needs for registration, presentation areas, exhibitions, badge scanning stations, etc. should rely on wired internet service.

Video/streaming services should rely on dedicated bandwidth wired internet to guarantee dedicated bandwidth. Dedicated bandwidth is available when ordered at least seven days prior to the event start date.

After hours support for most services is available via phone. Optional extended on-site support is available at an additional charge when requested in advance.
